

VinylMaster - Difference between Licenses?

What is the difference between a Full Retail, Crossgrade, Pay-by-the-Month, Subscription or Upgrade License?

Absolutely nothing when it comes to the software! the only difference is the price you pay which is based on whether or not you are upgrading or trading-in another program for VinylMaster i.e. a Crossgrade or an Upgrade. A Subscription or Pay-by-the-Month is just alternative method of payment and does not affect the version of the software you receive.

Put simply, the different license types relate to how you **pay** for the software as is unrelated to the software you receive and install...

Full Retail Licenses

What is a Full Retail License?

A fully working and un restricted version of the software that has no purchase conditions i.e. for first time users of VinylMaster without a trade-in or an upgrade who wish to pay up front and receive a discount for doing so.

Crossgrade Licenses

What is a Crossgrade?

A discount provided when you exchange your existing software for brand new software, much the same as an upgrade.

Take up to 12 months to exchange!

Since you've already invested a lot of time and money in your current software we understand that surrendering it too quickly might be asking a little too much! So it's with this in mind we give you up to 12 Months to hand-in your old software allowing you plenty of time to become accustomed to the power of VinylMaster.*

Easy Installments and NO Fees!

Why not take advantage of our installment plan and pay only \$125/month for either 3 months for VinylMaster Pro or 6 months for VinylMaster Xpt and we won't charge you a single penny in interest or fees. Conditions apply, see below.

No Risk!

Plus we provide a 14 Day Money Back Guarantee if you're not 100% satisfied with VinylMaster! (check the EULA for exclusions).

Terms and Conditions of Crossgrade Sales

If you do not or decide not to return your existing software nominated by you to Crossgrade from for VinylMaster Xpt or Pro, you understand and agree with Future Corporation that VinylMaster will cease to function until the discount given for the Crossgrade (i.e. the balance) is paid in full (\$1000 for VinylMaster Xpt, \$375 for VinylMaster Pro).

†software means the security device e.g. dongle/hasp key (where applicable), license/installation/activation code (if applicable) and installation discs. All Sign and RIP software titles listed herein are trademarks and/or registered names of their respective owners.

To qualify for the installment plan, you must have a valid American Express, Discover, MasterCard or Visa credit or debit card that has no less than 8 (eight) months before the card's expiration date from the date when you place your order with us, see Terms & Conditions at http://www.iifuture.com/shared/legal/en/terms_conditions_sale.html. This offer is not available for all our software titles or with any other offer.

Subscription Licenses

What is a Subscription License?

A fully working and an unrestricted version of the software, that has no purchase conditions other than your agreeing to a minimum 12 month period, which automatically renews at the end of each period. The software your subscribe to is the same software as a Full Retail License.

Upgrade Licenses

What is an Upgrade License?

A discount provided for existing VinylMaster users who wish to get the latest version of the program and/or a higher version of VinylMaster. The software you upgrade to is the same software as a Full Retail License.

VinylMaster Pro V1.0 thru V2.99 Users

These older versions of VinylMaster Pro were **replaced** with VinylMaster Xpt in 2010 – the all new VinylMaster Pro is now a cut down i.e. a subprogram of VinylMaster Xpt and **does not** include all the extras VinylMaster Pro used to come with. So please download the demo or get a demo disc to see each version for yourself before deciding which version to upgrade to.

You can also compare each version side-by-side at: http://www.iifuture.com/shared/info/en/vm/VinylMaster_Comparison.pdf
